

Highlighted Opportunities as of October 24, 2014

Bank of America's Diversity Executive Recruiting team is excited to highlight the following opportunities for your consideration.

HOW TO APPLY:

1. Go to: <http://careers.bankofamerica.com>

2. If you have not already done so, create a profile and upload your resume.

In the "Job Source Tracking" section you will be able to select the specific Diversity Organization that referred you to the opportunity.

a. Towards the bottom of that page you will see: "General"- select "Diversity and Disability Organizations/Partners"

b. A second drop down menu will appear where you can choose "National Urban League"

3. Proceed with the rest of the sections to complete your profile.

This excerpt is intended to notify **The National Urban League** members and their personal and professional networks of opportunities that may be of particular interest. We are highlighting a portion of our jobs currently open as of October 24, 2014 and subject to change anytime thereafter. If interested in any positions within the organization, please be sure to check our career site for a current list of all job opportunities. For more job listings, go to: <http://careers.bankofamerica.com>. If you wish to notify the Diversity Executive Recruiting Team of a submitted application, you may contact them at diversity.executive.recruiting@bankofamerica.com.

Merrill Lynch Team Financial Advisor Program

Requisition Numbers	Job Name - Requisition	Band Requisition	Line of Business	Work City - Requisition
Various Openings	Merrill Lynch Team Financial Advisor Program Various roles: Business Development, Planner, TFA Investments & Financing, Business Manager and Relationship Management	Various	Global Wealth and Investment Management	Various US locations

Apply Now:

Please apply online using the following links:

Search career site using the keywords “PMD” or “TFA to view the various openings and locations.

Select “Diversity and Disability Organizations/Partners” and then “National Urban League” when creating your career profile.

Description

The Team Financial Advisor (TFA) role is a specific functional role aligned to a Financial Advisor (FA) team for the purpose of concentrating on a targeted aspect of the Team’s practice. The primary focus of the TFA Business Development role is to define the team’s client acquisition plan, execute on the plan through client acquisition activities, and track towards the FA Team’s client acquisition goals.

Key Responsibilities

- Understand all aspects of an optimal practice and complete the training and development needed to prepare for a successful career as a Financial Advisor
- Identify and establish target niche client segments and establish a strong reputation within those markets and the designations to support the practice’s specialization
- Maintain a well-developed and clear team marketing plan that includes a well-defined value proposition designed to attract target client segment, and marketing materials that support this strategy
- Ensure the team’s practice develops and maintains a clear brand within the chosen market
- Maintain a detailed client acquisition plan that keeps the practice engaged in consistent prospecting activities to meet specific goals around activity levels and success
- Establish client acquisition targets, develop proposals, and track success toward these goals
- Track and review progress on leads proactively and regularly
- Identify leads and referrals through specific methods that work for your practice (e.g. sourcing and asking for personal introductions, intimate events, strategic networking, referral alliances, targeted seminars)
- Organize and execute the team’s client acquisition plan; through hosting intimate events and/or targeted seminars, strategic networking, identifying and coordinating referral alliances, and/or sourcing and asking for personal introductions
- Manage the client acquisition pipeline utilizing an identified pipeline management system, including profile information, next steps and timelines
- Establish and maintain relationship with the management team and inform them of any circumstances that require supervisory attention/review/approval per compliance guidelines and policies
- Complete required training, obtain industry licenses (Series 7 & 66), master assessments, maintain continuing education requirements and meet minimum performance standards
- Source prospective clients, capitalize on referrals and assess customer needs
- Deliver highly customized solutions and through collaboration deliver the full resources of Bank of America Merrill Lynch

PMD / Financial Advisor

Requisition Numbers	Job Name - Requisition	Band Requisition	Line of Business	Work City - Requisition
Various Openings	PMD / Financial Advisor	Various	Global Wealth and Investment Management	Various US locations

Apply Now:

Please apply online using the following links:

Search career site using the keywords “PMD” or “TFA to view the various openings and locations.

Select “Diversity and Disability Organizations/Partners” and then “National Urban League” when creating your career profile.

Description

The Practice Management Development (PMD) Associate role is a 43 month development program for professionals who wish to build a wealth management business and become a full-fledged Merrill Lynch Financial Advisor (FA).

PMD is a structured and disciplined program that demonstrates our ongoing commitment to the growth and progress of our Merrill Lynch Financial Advisors. PMD offers new advisors the most professional and client focused sales, investment, and business management training in the industry. PMD Associates will build upon their knowledge of these topics throughout the duration of the program, while focusing on developing client relationships.

With the assistance of mentors and managers, our PMD Associates will learn to develop a pipeline of affluent clients, identify client needs, develop relationships with existing and prospective clients, review investment goals, prepare investment recommendations that align with client goals, and the business management skills needed to operate an optimal practice model.

[VP - Insurance Specialist - St. Louis, MO - Heartland Market](#)

Select “Diversity and Disability Organizations/Partners” and then “National Urban League” when creating your career profile.

Description

Provide general information about the particular job specifications. Provide 2-3 sentences in paragraph form. Provide expertise in the sales and marketing of wealth planning strategies, business insurance planning and individual life, disability and long-term care insurance products to affluent individuals and commercialize accounts through all of Merrill Lynch's U.S. offices. The successful Wealth Management & Insurance Specialists (WMIS) plays a dual role with his or her internal customer, the Financial Advisor (FA). He or she is viewed by the FA as a “Trusted Advisor”. The word “Trusted” describes the interpersonal side, while “Advisor” speaks to the important technical and product knowledge, as well as the financial planning expertise that the Insurance Specialist brings to his or her FAs. Manager all insurance sales within a defined territory, from needs analysis and client meetings, through the application and underwriting process to policy delivery. Partner with Trust Specialist and Wealth Strategist in territory to deliver “one firm” to FA’s and clients.

[National Sr. Client Manager \(Commercial\) - Dealer Financial Services](#)

Select “Diversity and Disability Organizations/Partners” and then “National Urban League” when creating your career profile.

Description

Dealer Financial Services (“DFS”) supports the commercial needs of automotive new vehicle retailers throughout the U.S. Within DFS, National Accounts specializes in supporting the largest public and privately held dealership groups with annual revenues between \$250MM and \$20B. These clients are typically complex in their organizational structure, maintain a broad geographic diversity in their operational locations and require sophisticated financial solutions for their credit and non-credit needs. National Accounts is looking for a Senior Client Manager with significant corporate banking experience who can manage an existing portfolio of clients as well as actively solicit prospects for conversion. The portfolio and prospects are nationwide with no geographic concentration. This role requires a proven ability to maintain strategic dialogue with CEOs, CFOs, and Treasurers to identify a client need, craft viable solutions and ensure seamless execution of our services. The Client Manager will oversee a dedicated DFS client team including teammates in Credit Products, Treasury Management, GWIM, Markets and other key solution providers. A thorough working knowledge of commercial credit, treasury management and other financial services is required. Automotive industry experience is preferred. Significant travel is required.

The Senior Client Manager (SCM) is responsible for managing a portfolio of business banking clients who require financial services and products to meet their needs. In addition to being the primary point of contact and key financial advisor for the client, the SCM is accountable for prospecting new business and retaining and deepening existing relationships. The SCM analyzes the client's financial and operating strategies and recommends alternative or additional financial services to best meet the client's immediate and long-term personal and business needs. The SCM will have the ability to forge relationships with the appropriate decision makers within the client company. The SCM is also responsible for leading, directing and coordinating key extended team members in the analysis and execution in the effective delivery of their products and services to clients and prospects. This involves coordinating client involvement by the team's specialists in credit and payments. To effectively perform this role, the SCM must be well versed in all Bank of America products and services for proper identification of cross-selling opportunities. The SCM is expected to consistently network in the community and with centers of influence. In addition, requires management of all Client Management Process core training, plus advanced credit and Treasury Management courses; successful experience in complex transactions; excels at client management success factors; demonstrates leadership skills and mentors new associates. Same responsibilities as Business Banking Client Manager position, in addition has demonstrated experience in complex client relationships and transactions, excels at client management success factors, and demonstrates leadership skills and coaches and mentors new associates.

This position may be subject to SAFE Act registration requirements. Pursuant to the SAFE Act requirements, all employees engaged in residential loan mortgage originations must register with the federal registry system and remain in good standing. If your position requires SAFE Act registration, you will be required to register and to submit to the required SAFE Act background check and registration process. Failure to obtain and/or maintain SAFE Act registration may result in your immediate termination. This position may be filled as a Business Banking Client Manager.

Select “Diversity and Disability Organizations/Partners” and then “National Urban League” when creating your career profile.

Description

Leverages current and future business requirements, market intelligence, and historical spend information to develop innovative category strategies that drive cost reduction, a simplified supply base and business value. Implements category strategies with sourcing and demand management savings initiatives identified. Leads cross functional teams to execute and comply with category strategies (i.e. Savings Targets, Buy Channel compliance, Preferred Vendor compliance, Spend compliance). Acts as global category expert for enterprise by providing commodity knowledge to internal clients on industry trends, benchmarking, and best practices. Builds and maintains collaborative relationships with key stakeholders (sourcing, line of business process owners, vendor managers, vendors, market experts, regional liaisons) in order to drive results while ensuring strategies remain in alignment with business goals. Ensures category strategies account for relevant laws, regulations, and BAC risk policies. Estimate: approx. \$500M to \$1B of global category spend (maybe individual contributor).
